

## Cornice Nr. 115 “Caen”

A “chunky”, modern cornice. One with quite nice proportions that we have been producing for very many years now.

The reason for this name is because this was originally commissioned for use in the Friendly Hotel in Caen. Absolutely loads of it!

It is a reasonably straightforward design to fit. Should you need guidance or advice on installation please see our DIY page elsewhere on this site - this deals almost entirely with cornice fixing.

Another helpful feature of this cornice is the unusually long lengths that it is sold in - possibly saving on casts purchased and jointing.

For details of actual cross section, please refer to page two.
